

EMPOWER YOUR CHILD'S DREAMS AND AMBITIONS!

Acorn2Oak Grants: Supporting Young Minds in Their Pursuits of Excellence

As parents, we all want to see our children thrive and pursue their passions. The Acorn2Oak program offers grants up to **\$1,000** for young individuals ages 8-18 in Oakland County.

Whether it's for a business idea, an academic endeavor, a unique extracurricular activity, or creating a community project - these grants can provide the support your child needs to explore, learn, and grow.

Encourage your child to apply and take a step towards realizing their potential. Together, let's invest in their future!
